COMING ATTRACTIONS

- June 18, 2006 – Fathers Day Social
- June 23, 2006 – Blue Plate – 7:00 P.M.
- June 24, 2006 – Cruise – Island Moorings

**NOTES FROM THE
COMMODORE
Bill Boyd**

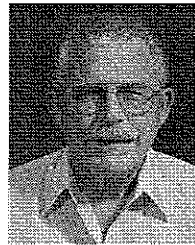

It was great to see so many of you at the PIYC Mothers' Day Brunch at Elizabeth's. Fifty people attended and enjoyed the food and comradery. Also, quite a few people also attended the Blue Plate on May 19. Even though I was unable to attend, I heard the Bahia Hee-Hee had a good turnout too. Thanks to all of the Club members who make our events happen!

Speaking of events, we are going to have a fairly full calendar in June, even though the remodeling is not completed yet, and we are confined to downstairs. First, the Friday night Happy Hours are going on as usual, and Men's Coffee on Tuesday at 9 A.M. On Sunday, June 18, is the Fathers' Day Ice Cream Social; everyone is invited to celebrate this special day. This month, the Blue Plate will be held on the fourth Friday, June 23, due to the Father's Day Celebration on the third weekend. The Blue Plate is at 7:00 P.M. - \$5 per person. If you want to take your boat or drive over, the cruise to Island Moorings will be Saturday and Sunday, June 24-25. There should be more information on these events elsewhere in the Docklines.

The remodel is going a little slower than we had hoped, although the kitchen cupboards are completed and the counters are being built now. The stalls are in the upstairs restrooms. We are waiting for the ceiling to be completed, and of course, the installation of the elevator. The anticipated completion date is the end of June.

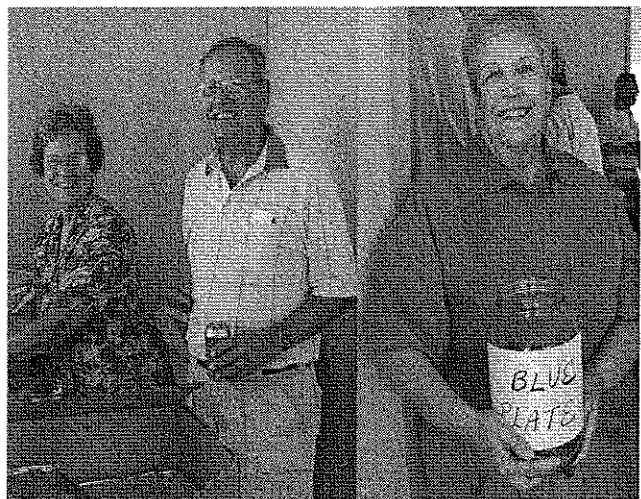

Looking forward to the completion of remodeling the PIYC Board of Directors has

I would like to thank everyone for their calls, E-Mails, cards, etc. following my recent surgery. I am feeling better every day.

**VICE-COMMODORE
Gaylor Heemink**

Gaylor is away visiting folks on the other side of the big pond. He will return later in June. We thought you'd like to see his picture anyway.

May Blue Plate Chairpersons – Bev and Chuck Hoffman and some lady collecting money

CRUISE NEWS

BY Jim Hodson

The cruise season has started with a bang and just promises to get better! Our April raft up at Spinnaker Hole was a great success. We had six boats rafted: New Song, Wind Shadow, Oh Bonnie O!, Shocker, Reality Check and Bling! Bling! (with no B!) And were joined by Ray & Diane Smith, Steven & Carol Spoonmore, Hugh Butler & Bobbie Kragness who dinghy'd over for happy hour. The only mar on the trip involved an anchor chain and Dixie's hand. Denis Quintero applied immediate first aide and doc Smith and Nurse Diane made a splint upon their arrival with a magazine provided by Bob Otto. Many thanks to all of you for taking care of my bride; I don't know what I'd have done without you! Sunday Bling! Bling! (W/no B!) assisted Reality Check in pulling anchor with Lori swimming to the rescue to help pull the anchor as Bret circled nearby. Thank you Bret & Lori for your help!

The Bahia Hee! Hee! cruise in May was a fantastic time! We had a whopping ten boats from PIYC in attendance. Cajun Princess, Nautitude, Shocker, Loki, Reality Check, September Song and New Song all had slippage or dock space while Gracious, Blue Yonder and Wind Shadow anchored out and dinghy'd over for the festivities. Thanks to Ray Smith & Dean Lucas for ferrying folks to & from their anchorage. The food was abundant, the drinks flowed, and the camaraderie terrific and boy can Judge Carl Lewis sing the blues! Many, many thanks to Keith and Carol for their hospitality. What a great time! Can't wait till next year!

Our June cruise scheduled to Island Moorings for the 10th has been rescheduled to June 24th. While we had reservations for the 10th, Island Moorings just rented out the entire pool area, bar and restaurant to a private party. So we would have had slippage but would not have access to any of the facilities. As with our original date, we have slips reserved under PIYC, each boater needs to call Island Moorings at 749-4100 to get your slip assigned.

July promises to be a busy cruise month. PIYC has 10 slips reserved for our July 4th cruise to the Port A Marina for the fireworks. As with Island Moorings each boater needs to call the Port A Harbor Master at 749-5429 to get assigned a slip. We will have the pits going for those of you who desire to throw something on them so come on over throw something on the grill, have a cold beverage and see the most spectacular fireworks display in the Coastal Bend!

Mid July is Bastille Day's at the Bahia Marina. This is an unofficial cruise-but promises to be a lot of fun. The festivities are scheduled for July 15th, with a Pot Luck Dinner starting at 7:00 pm followed by the music of Larry Joe Taylor-who is always fantastic! As with the Hee! Hee!, no reservations will be taken-it is first come, first gets dock space.

See you on the water!

Breakfast at Bahia. That ain't pure orange juice folks!

More from Bahia, later in the day. The orange juice ran out.

SOCIAL CHAIRWOMAN'S REPORT **BY LYNN LOVELESS**

On Father's Day we will be having an old fashioned Ice Cream Social. The hostesses for this will be Irene Walls and Peggy Fairey. The ice cream will be home made. If anyone has an ice cream freezer and would like to participate, please call Irene or Peggy and let them know your flavor. The Social will be from 2:00 to 4:00 P.M. at the downstairs section of the PIYC.

The annual July 4th Picnic this year will be called the Great American Picnic. Beverly Hoffman will be hosting this event and would love your help. Cruisers will be going to watch the fireworks that evening.

The June Blue Plate scheduled for June 23 has not been spoken for. Due to the clubhouse construction, we don't have much in the way of cooking facilities, however several suggestions have been made for the menu such as sloppy joes, or cold cuts. It would be a great time for some of our new members to volunteer for an easy menu.

Plans are underway for the **PIYC ANNUAL PARTY**. Mark your calendars. This event will be held on **AUGUST 26, 2006**. Look forward to fun, great food, and dancing in our brand new facilities.

LAMENTS OF THE LANDLUBBER **BY Harry Benoit**

Have faith folks. The construction of the clubhouse is in the home stretch and should be finished by the end of the month. It may not look like that now, but most construction jobs are a mess until everything seemingly comes together in no time at all.

This month's definition: Porthole – A glass covered opening in the hull designed in such a way that when closed (while at sea) it admits light and water, and when open (while at anchor) it admits light, air, and insects (except in Canadian waters where most species are too large to gain entry in this manner).
